The summary of the interesting interventions highlights:

As difficulties:

- The stability of those in positions of responsibility;
- not being able to use the Internet everywhere;
- the search for motivation to grow in membership

As strengths:

- The charism that unites us;
- working on preferences;
- better communication;
- the strength of the feeling of belonging to the group;
- feeling like a family;
- creative meetings.

AFJM Project

Very positive evaluation

- Reference for working on the care of the common home;
- it has given a good direction and guide for the work;
- it generates family bonds;
- it gives light to do more.
- We must continue to work on it.

The underlying idea is that

"The path and the change we are making are necessary for the mission of the AFJM"

Assembly

The following suggestions for the future, worked on by the groups, stand out:

1. To have interprovincial AFJM meetings and to look for means to unify the Preferences.
2. To unite with other Provinces in order to continue creating links, to encourage and strengthen us. To take into account our AFJM projects together with those of the Province, whose objectives and lines of action will help us to work on discernment. Meetings of AFJM members by zones, e.g. Latin America, to feel that we are walking together...
3. To have a common platform to share individual projects and to encourage young people to get to know the AFJM. Small meetings by language to enrich each other (maybe by continents).
4. A united network for formation, promotion of the laity and international meetings once a year. Development of the spiritual, cultural and religious capacities of the members. Bridges and meetings between AFJM.
5. To know the realities and talk about them; to make proposals to help others locally; a stronger communication network; to implement outreach programmes.
6. Constant communication between Provinces.
7. Link websites of all AFJM Provinces. One person can be appointed in each province to be in charge of social networking.
8. International meeting once a year on the occasion of a commemorative date (3 February/6 October); virtual course with formation in Ignatian spirituality.
